Dear Congregants,

The Chai Club dinner is our special Shabbat celebration when congregants who have been members 18 years or more gather to schmooze and dine. This year it happens to be the date of the Emunah service, so those who have been recipients of this most coveted award will be able to celebrate with the newest awardee.

Besides all this we have a mission. We can be a part of a mitzvah. Our temple has adopted a Jewish family through the Lend A Hand Project, formerly known as Myad Lyad. This mother, father and three children need our help. That Shabbat, we would appreciate if you could bring in some very needed items that will be given to this family. Other groups in the temple have collected at other times of the year. Our point person for our “family” is Rabbi Wiesenberg. The list of vital needs from the family is attached; Find specific details about the family’s age, interests, sizes, etc. All merchandise needs to be new (donations can be in form of gift cards as well).
